NEW YORK INDEPENDENT ASSESSOR - INITIAL ASSESSMENT PROCESS

Effective May 16, 2022, the Conflict Free Evaluation and Enrollment Center (CFEEC) is now known as the New York Independent Assessor (NYIA). The NYIA will manage the initial assessment process. NYIA will start the expedited initial assessments at a later date. The initial assessment process includes completing the:

- **Community Health Assessment (CHA):** The CHA is used to see if you need personal care and/or consumer directed personal assistance services (PCS/CDPAS) and are eligible for enrollment in a Managed Long Term Care plan.
- **Clinical appointment and Practitioner Order (PO):** The PO documents your clinical appointment and indicates that you:
 - have a need for help with daily activities, **and**
 - that your medical condition is stable so that you may receive PCS and/or CDPAS in your home.

The NYIA will schedule both the CHA and clinical appointment. The CHA will be completed by a trained registered nurse (RN). After the CHA, a clinician from the NYIA will complete a clinical appointment and PO a few days later.

RiverSpring at Home will use the CHA and PO outcomes to see what kind of help you need and create your plan of care. If your plan of care proposes PCS and/or CDPAS for more than 12 hours per day on average, a separate review by the NYIA Independent Review Panel (IRP) will be needed. The IRP is a panel of medical professionals that will review your CHA, PO, plan of care, and any other medical documentation. If more information is needed, someone on the panel may examine you or discuss your needs with you. The IRP will make a recommendation to RiverSpring at Home about whether the plan of care meets your needs.

Once NYIA completes the initial assessment steps and determines that you are eligible for Medicaid Managed Long Term Care, you then choose which Managed Long Term Care plan to enroll with.

RiverSpring at Home Enrollment Process

NYIA will notify you of the outcome of their evaluation and assessment. The NYIA evaluation and initial assessment must be completed and on record prior to enrollment in our plan.

When you choose to enroll in RiverSpring at Home, we will begin the enrollment process. RiverSpring at Home will accept and process applications in the order received, without restriction and without discrimination as to age, sex, race, creed, physical or mental handicap or developmental disability, national origin, sexual orientation, health status, or cost for health services.

RiverSpring at Home will verify your Medicaid entitlement and type of enrollment, and set up a meeting at your place of residence for a nurse from our Intake Department to visit you at your home to complete a comprehensive assessment to evaluate your health and environment for development of your initial Plan of Care. After discussion with you, and with your written permission, the Intake Nurse will contact your physician to explain our program and request collaboration, including their input and written approval of the proposed Plan of Care. If you would like to join RiverSpring at Home but your physician is unwilling to collaborate with us, we can help you choose another physician.

For enrollment, you will be asked to sign documents including an enrollment agreement, medical release form, and privacy notice acknowledgment. Enrollment applications must be submitted to New York Medicaid Choice (NYMC), the NYS managed care enrollment program, by the 20th of the month. If you meet the established criteria and NYMC approves your application, your enrollment will usually become effective the 1st day of the following month. If you decide to join, you will sign an Enrollment Agreement and other required documents. During the enrollment process, we will explain how to access services and give you a list of RiverSpring network providers. You will receive a personal RiverSpring at Home identification card for plan-covered services. Remember, you need to keep your regular Medicaid card and any third party insurance cards to obtain services not covered by RiverSpring at Home.

Withdrawal of Enrollment Application

You may withdraw your application either orally or in writing by noon on the 20th day of the month prior to the effective date of your enrollment. To withdraw, please call our plan at 1-800-370-3600, TTY: 711, or write to RiverSpring Health Plans, Intake Department, 80 West 225th Street, Bronx, NY 10463.

Development of Initial Plan of Care (POC)

RiverSpring at Home will review the NYIA CHA and the PO to inform our development of your person centered Plan of Care (POC). In addition, we will review the comprehensive assessment conducted by our Intake Nurse, which also takes into consideration your home environment and community support. The Intake Nurse will present the proposed POC to you for your acceptance, which is required in order to submit your enrollment application. The NYIA CHA, PO, and your initial POC are valid for 12 months unless another CHA is required due to a significant change in your condition or at your request. RiverSpring at Home will update your POC at least every 12 months, or more frequently if your condition changes, or at your request, or otherwise appropriate.

If you are disenrolled from another MLTC plan to RiverSpring at Home due to any of the following reasons; service area reduction, closure, acquisition, merger or other approved business arrangement, RiverSpring at Home will continue to provide services in accordance with your pre-existing plan of care for a continuous period of 120 days after enrollment with RiverSpring at Home, or until RiverSpring at Home has conducted an assessment and you have agreed to the new POC.

Plan Member (ID) Card

You will receive your RiverSpring at Home identification (ID) card within 7-10 days of your effective enrollment date. Please verify that all information is correct on your card. Be sure to carry your ID card with you at all times along with your Medicaid card. If your card becomes lost or is stolen, please contact Member Services at 1-800-370-3600; TTY 711.

SERVICES COVERED BY THE RIVERSPRING AT HOME MLTC PLAN

Care Management Services

As a member of our plan, you will get Care Management Services. Our plan will provide you with a care manager who is a health care professional – usually a nurse or a social worker. Your care manager will work with you and your doctor to decide the services you need and develop a care plan. Your care manager will also arrange appointments for any services you need and arrange for transportation to those services.

Through the Person Centered Service Planning process, your assigned nurse works with you, your physician, and your family to develop a Plan of Care (POC) just for you, that fits your particular needs. We make sure that you receive the health care services that you need. Our experienced health professionals are available 24 hours a day, 7 days a week, 365 days a year. Your care team keeps track of how you are doing, attends to changes in your health, provides care, educates your caregivers how to assure quality services tailored to your needs, teaches you how to best help yourself, answers questions you may have, and helps you obtain other services you may need.

Your written POC includes medically necessary services, covered and paid for by RiverSpring at Home, and coordination of non-plan covered services to meet your needs. Services not covered by RiverSpring at Home, such as drugs, physician, hospital and other medical services, may be paid directly by Medicaid or Medicare or other insurance. Your written POC describes the services you need, how often you need them, and for how long. It identifies, evaluates and helps you manage physical, emotional and social factors that affect your well-being. Your POC is reviewed at least every 12 months, and more often, as your condition requires, or upon your request. As your needs change, the POC will change to meet those needs. Your care manager will review the POC and discuss any changes with you. You are welcome to call your care manager or any member of your care management team with any questions or concerns by calling us at 1-800-370-3600; TTY 711.

You will receive at least one monthly telephone contact from your care management team. The assessment nurse, as a member of your care management team, will make home visits at least once a year to complete a comprehensive assessment of your health and to identify any changes or needs you may have. We will work cooperatively with your physician regarding your POC, as well as other health care professionals to ensure you receive the services you need.

You may request services outside of the approved POC, however, you will need to obtain plan approval and prior authorization for your request. Your care manager, working with your care management team, will handle your request. All covered services require prior approval by RiverSpring at Home, except for certain services preapproved by us. For some services, a new clinical assessment may be initiated, and medical documentation specific to the request may be required.

For after-hours care, the RiverSpring at Home on-call service and Nurse Hotline are available 24 hours per day, 7 days per week, at 1-800-370-3600, TTY 711.

Additional Covered Services

Because you have Medicaid and qualify for MLTC, our plan will arrange and pay for the extra health and social services described below. You may get these services as long as they are medically necessary, that is, they are needed to prevent or treat your illness or disability. Your care manager will help identify the services and providers you need. In some cases, you may need a referral or an order from your doctor to get these services. You must get these services from the providers who are in the RiverSpring at Home network. If you cannot find a provider in our plan, you will need to request approval and prior authorization from RiverSpring at Home to obtain these services from an out-of-network provider, except for emergency or urgently needed care.

RiverSpring at Home will consider requests for covered services from an out-of-network provider when the service is not available from an in-network provider and RiverSpring at Home agrees that the services are medically necessary. Upon our approval of your request, we will issue an approval letter to you, and process a single case agreement to authorize and set forth the quantity and duration of the approved services by the out-of-network provider. If any service is not approved, or only partially approved, we will issue an Initial Adverse Determination to you that sets forth the reasons for the denial and outlines the appeals process.

MONEY FOLLOWS THE PERSON (MFP)/OPEN DOORS

This section will explain the services and supports that are available through **Money Follows the Person (MFP)/Open Doors**. MFP/Open Doors is a program that can help you move from a nursing home back into your home or residence in the community. You may qualify for MFP/Open Doors if you:

- Finding services offered in the community to help you be independent

Concurrent Review

You can also ask **your care manager** at RiverSpring at Home Care Management Department to get more of a service than you are getting now. This is called **concurrent review**.

Retrospective Review

Sometimes we will do a review on the care you are getting to see if you still need the care. We may also review other treatments and services you already got. This is called **retrospective review**. We will tell you if we do these reviews.

What happens after we get your service authorization request?

The plan has a review team to be sure you get the services we promise. Doctors and nurses are on the review team. Their job is to be sure the treatment or service you asked for is medically needed and right for you. They do this by checking your treatment plan against acceptable medical standards.

We may decide to deny a service authorization request or to approve it for an amount that is less than requested. These decisions will be made by a qualified health care professional. If we decide that the requested service is not medically necessary, the decision will be made by a clinical peer reviewer, who may be a doctor, a nurse or a health care professional who typically provides the care you requested. You can request the specific medical standards, called **clinical review criteria**, used to make the decision for actions related to medical necessity.

After we get your request, we will review it under a **standard** or **fast track** process. You or your doctor can ask for a *fast track* review if it is believed that a delay will cause serious harm to your health. If your request for a *fast track* review is denied, we will tell you and your request will be handled under the standard review process. In all cases, we will review your request as fast as your medical condition requires us to do so, but no later than indicated below.

Timeframes for prior authorization requests

- **Standard review:** We will make a decision about your request within 3 work days of when we have all the information we need, but you will hear from us no later

than 14 days after we receive your request. We will tell you by the 14th day if we need more information.

- **Fast track review:** We will make a decision and you will hear from us within 72 hours. We will tell you within 72 hours if we need more information.

Timeframes for concurrent review requests

- **Standard review:** We will make a decision within 1 workday of when we have all the information we need, but you will hear from us no later than 14 days after we received your request.
- **Fast track review:** We will make a decision within 1 workday of when we have all the information we need. You will hear from us within 72 hours after we receive your request. We will tell you within 1 workday if we need more information.

If we need more information to make either a standard or fast track decision about your service request, the timeframes above can be extended up to 14 days.

We will:

- Write and tell you what information is needed. If your request is in a *fast track* review, we will call you right away and send a written notice later.
- Tell you why the delay is in your best interest.
- Make a decision as quickly as we can when we receive the necessary information, but no later than 14 days from the day we asked for more information.

You, your provider, or someone you trust may also ask us to take more time to make a decision. This may be because you have more information to give the plan to help decide your case. This can be done by calling our plan at 1-800-370-3600; TTY 711, or writing RiverSpring at Home, Service Authorizations, 80 West 225th St., Bronx, NY 10463.

You or someone you trust can file a complaint with the plan if you don't agree with our decision to take more time to review your request. You or someone you trust can also file a complaint about the review time with the New York State Department of Health by calling 1-866-712-7197.

If our answer is YES to part or all of what you asked for, we will authorize the service or give you the item that you asked for.

If our answer is NO to part or all of what you asked for, we will send you a written notice that explains why we said no. See ***How do I File an Appeal of an Action?*** which explains how to make an appeal if you do not agree with our decision.

What is an Action?

When RiverSpring at Home denies or limits services requested by you or your provider; denies a request for a referral; decides that a requested service is not a covered benefit;

restricts, reduces, suspends or terminates services that we already authorized; denies payment for services; doesn't provide timely services; or doesn't make complaint or appeal determinations within the required timeframes, those are considered plan "actions. An action is subject to appeal. (See *How do I File an Appeal of an Action?* below for more information.)

Timing of Notice of Action

If we decide to deny or limit services you requested or decide not to pay for all or part of a covered service, we will send you a notice when we make our decision. If we are proposing to restrict, reduce, suspend or terminate a service that is authorized, our letter will be sent at least 10 days before we intend to change the service.

Contents of the Notice of Action

Any notice we send to you about an action will:

- Explain the action we have taken or intend to take;
- Cite the reasons for the action including the clinical rationale, if any;
- Describe your right to file an appeal with us (including whether you may also have a right to the State's external appeal process);
- Describe how to file an internal appeal and the circumstances under which you can request that we speed up (expedite) our review of your internal appeal;
- Describe the availability of the clinical review criteria relied upon in making the decision, if the involved issues of medical necessity or whether the treatment or service in question was experimental or investigational; **and**
- Describe the information, if any, that must be provided by you and/or your provider in order for us to render a decision on appeal.

The notice will also tell you about your right to an appeal and a State Fair Hearing:

- It will explain the difference between an appeal and a Fair Hearing;
- It will say that that you must file an appeal before asking for a Fair Hearing; **and**
- It will explain how to ask for an appeal.

If we are reducing, suspending, or terminating an authorized service the notice will also tell you about your rights to have your services continued while your appeal is decided. To have your services continued you must ask for an appeal within 10 days of the date on the notice or the intended effective date of the proposed action, whichever is later.

How do I File an Appeal of an Action?

If you do not agree with an action that we have taken, you may appeal. When you file an appeal, it means that we must look again at the reason for our action to decide if we were correct. You can file an appeal of an action with the plan orally or in writing. When the plan sends you a letter about an action it is taking (like denying or limiting services, or not paying for services), you must file your appeal request within 60 days of the date on the notice. If we are reducing, suspending or terminating and authorized service and you want your services to continue while your appeal is decided, you must ask for an appeal within 10 day

of the date on the notice or the intended effective date of the proposed action, whichever is later.

How do I Contact my Plan to file an Appeal?

We can be reached by calling our plan Member Services at 1-800-360-3700, TTY 711, or writing to RiverSpring at Home, 80 West 225th Street, Bronx, NY 10463. The person who receives your appeal will record it, and appropriate staff will oversee the review of the appeal. We will send a notice telling you that we received your appeal, and how we will handle it. Your appeal will be reviewed by knowledgeable clinical staff who were not involved in the plan's initial decision or action that you are appealing.

For Some Actions You May Request to Continue Service During the Appeal Process

If you are appealing a restriction, reduction, suspension or termination of services you are currently authorized to receive, you must request a plan appeal to continue to receive these services while your appeal is decided. We must continue your service if you ask for a plan appeal no later than 10 days from the date on the notice about the restriction, reduction, suspension or termination of services or the intended effective date of the proposed action, whichever is later. To find out how to ask for a plan appeal, and to ask for aid to continue, see "***How do I File an Appeal of an Action?***" above.

Although you may request a continuation of services, if the plan appeal is not decided in your favor, we may require you to pay for these services if they were provided only because you asked to continue to receive them while your case was being reviewed.

How Long Will It Take the Plan to Decide My Appeal of an Action?

Unless your appeal is fast tracked, we will review your appeal of the action taken by us as a standard appeal. We will send you a written decision as quickly as your health condition requires, but no later than 30 days from the day we receive an appeal. (The review period can be increased up to 14 days if you request an extension or we need more information, and the delay is in your interest.) During our review you will have a chance to present your case in person and in writing. We will also send you your records that are part of the appeal review.

We will send you a notice about the decision we made about your appeal that will identify the decision we made and the date we reached that decision.

If we reverse our decision to deny or limit requested services, or restrict, reduce, suspend or terminate services, and services were not furnished while your appeal was pending, we will provide you with the disputed services as quickly as your health condition requires. In some cases, you may request a "*fast track*" appeal. (See "**Fast Track Appeal Process**" section below.)

Fast Track Appeal Process

We will always expedite our review if the appeal is about your request for more of a service you are already receiving. If you or your provider feels that taking the time for a standard

appeal could result in a serious problem to your health or life, you may ask for a *fast tracked* review of your appeal. of the action. We will respond to you with our decision within 2 business days after we receive all necessary information. In no event will the time for issuing our decision be more than 72 hours after we receive your appeal. (The review period can be increased up to 14 days if you request an extension or we need more information, and the delay is in your interest.)

If we do not agree with your request to expedite your appeal, we will make our best efforts to contact you in person to let you know that we have denied your request for a *fast track* appeal and will handle it as a standard appeal. Also, we will send you a written notice of our decision to deny your request for a *fast track* appeal within 2 days of receiving your request.

If the Plan Denies My Appeal, What Can I Do?

If our decision about your appeal is not totally in your favor, the notice you receive will explain your right to request a Medicaid Fair Hearing from New York State and how to obtain a Fair Hearing, who can appear at the Fair Hearing on your behalf, and for some appeals, your right to request to receive services while the Hearing is pending and how to make the request.

Note: You must request a Fair Hearing within 120 calendar days after the date on the Final Adverse Determination Notice. If we deny your appeal because of issues of medical necessity or because the service in question was experimental or investigational, the notice will also explain how to ask New York State for an “external appeal” of our decision.

State Fair Hearings

If we deny your plan appeal or fail to provide a Final Adverse Determination notice within the timeframes under ***“How Long Will It Take the Plan to Decide My Appeal of an Action?”*** above, you may request a Fair Hearing from New York State. The Fair Hearing decision can overrule our decision. You must request a Fair Hearing within 120 calendar days of the date we sent you the Final Adverse Determination notice. If we are reducing, suspending or terminating an authorized service and you want to make sure that your services continue pending the Fair Hearing, you must make your Fair Hearing request within 10 days of the date on the Final Adverse Determination notice.

Your benefits will continue until you withdraw the Fair Hearing or the State Fair Hearing Officer issues a hearing decision that is not in your favor, whichever occurs first.

If the State Fair Hearing Officer reverses our decision, we must make sure that you receive the disputed services promptly, and as soon as your health condition requires. If you received the disputed services while your appeal was pending, we will be responsible for payment for the covered services ordered by the Fair Hearing Officer.

Although you may request to continue services while you are waiting for your Fair Hearing decision, if your Fair Hearing is not decided in your favor, you may be responsible for paying for the services that were the subject of the Fair Hearing.

State External Appeals

If we deny your appeal because we determine the service is not medically necessary or is experimental or investigational, you may ask for an external appeal from New York State. The external appeal is decided by reviewers who do not work for us or New York State. These reviewers are qualified people approved by New York State. You do not have to pay for an external appeal.

When we make a decision to deny an appeal for lack of medical necessity or on the basis that the service is experimental or investigational, we will provide you with information about how to file an external appeal, including a form on which to file the external appeal along with our decision to deny an appeal. If you want an external appeal, you must file the form with the New York State Department of Financial Services within four months from the date we denied your appeal.

Your external appeal will be decided within 30 days. More time (up to 5 business days) may be needed if the external appeal reviewer asks for more information. The reviewer will tell you and us of the final decision within two business days after the decision is made.

You can get a faster decision if your doctor can say that a delay will cause serious harm to your health. This is called a fast track external appeal. The external appeal reviewer will decide a fast track appeal in 72 hours or less. The reviewer will tell you and us the decision right away by phone or fax. Later, a letter will be sent that tells you the decision.

You may ask for both a Fair Hearing and an external appeal. If you ask for a Fair Hearing and an external appeal, the decision of the Fair Hearing officer will be the “one that counts.”

What is a Complaint?

A complaint is any communication by you to us of dissatisfaction about the care and treatment you receive from our staff or providers of covered services. For example, if someone was rude to you, didn't show up, or you do not like the quality of care or services you have received from us, you can file a complaint with us.

The Complaint Process

You may file a complaint orally or in writing with us. The person who receives your complaint will record it, and appropriate plan staff will oversee the review of the complaint. We will send you a letter telling you that we received your complaint and a description of our review process. We will review your complaint and give you a written answer within one of two timeframes.

1. If a delay would significantly increase the risk to your health, we will decide within 48 hours after receipt of necessary information, but the process must be completed within 7 days of the receipt of the complaint.
2. For all other types of complaints, we will notify you of our decision within 45 days of receipt of necessary information, but the process must be completed within 60 days of the receipt of the complaint. The review period can be increased up to 14 days if you request it or if we need more information and the delay is in your interest.

Our answer will describe what we found when we reviewed your complaint and our decision about your complaint.

How do I Appeal a Complaint Decision?

If you are not satisfied with the decision, we make concerning your complaint, you may request a second review of your issue by filing a complaint appeal. You must file a complaint appeal orally or in writing. It must be filed within 60 business days of receipt of our initial decision about your complaint. Once we receive your appeal, we will send you a written acknowledgement within 15 business days telling you the name, address and telephone number of the individual we have designated to respond to your appeal. All complaint appeals will be conducted by appropriate professionals, including health care professionals for complaints involving clinical matters, who were not involved in the initial complaint decision.

For standard complaint appeals, we will make the appeal decision within 30 business days after we receive all necessary information to make our decision. If a delay in making our decision would significantly increase the risk to your health, we will use the *fast track* complaint appeal process. For *fast track* complaint appeals, we will make our appeal decision within 2 business days of receipt of necessary information. For both standard and *fast track* complaint appeals, we will provide you with written notice of our decision of your complaint appeal. The notice will include the detailed reasons for our decision and, in cases involving clinical matters, the clinical rationale for our decision.

You will not be disenrolled from the MLTC Plan based on any of the following reasons:

- high utilization of covered medical services
- an existing condition or a change in your health
- diminished mental capacity or uncooperative or disruptive behavior resulting from your special needs unless the behavior results in your becoming ineligible for MLTC.

Voluntary Disenrollment

You can ask to leave RiverSpring at Home at any time for any reason

To request disenrollment, call 1-800-360-3700 or you can write to us. The plan will provide you with written confirmation of your request. We will include a voluntary disenrollment form for you to sign and send back to us. It could take up to six weeks to process, depending on when your request is received. You may disenroll to regular Medicaid or join another health plan as long as you qualify. If you continue to require CBLTSS, like personal care, you must join another MLTC plan, Medicaid Managed Care plan or Home and Community Based Waiver program, in order to receive CBLTSS.

Transfers

You can try our plan for 90 days. You may leave RiverSpring at Home and transfer and join another plan at any time during that time. If you do not leave in the first 90 days, you must stay in (Insert Plan name) for nine more months, unless you have good reason (good cause.)

- You move out of our service area.
- You, the plan, and your county Department of Social Services or the New York State Department of Health all agree that leaving RiverSpring at Home is best for you.
- Your current home care provider does not work with our plan.
- We have not been able to provide services to you as we are required to under our contract with the State

If you qualify, you can change to another type of managed long term care plan like Medicaid Advantage Plus (MAP) or Programs of All-Inclusive Care for the Elderly (PACE) at any time without good cause

To change plans: Call New York Medicaid Choice at 1-888-401-6582. The New York Medicaid Choice counselors can help you change health plans.

It could take between two and six weeks for your enrollment into a new plan to become active. You will get a notice from New York Medicaid Choice telling you the date you will be enrolled in your new plan. RiverSpring at Home will provide the care you need until then.

Call New York Medicaid Choice if you need to ask for faster action because the time it takes to transfer plans will be harmful to your health. You can also ask them for faster action if you have told New York Medicaid Choice that you did not agree to enroll in RiverSpring at Home.
